### IN MEMORIAM

**Mrs. Caroline E. Lawrence.**  
The subject of this sketch was born in Bohlsbach, Germany, May 1st, 1839, and departed this life, at home in St. Louis, October 24th, 1913, aged seventy-four years, five months and twenty days. She came to this country with her parents, Mr. and Mrs. B. Siebert, in 1843, and located at Ste. Genevieve, where, on November 20th, 1855, she was united in marriage to the late Henry Lawrence, to which union were born seven sons and six daughters, all of whom were grown before death entered the home, when in 1904 the husband and father passed out of this life. Two sons, Henry B. and George F., and one daughter, Mrs. Amelia L. Schmidt, preceded her in death. Those surviving are J. A. Lawrence of Farmington, Wm. F. of Flat River, Mrs. J. H. Douglas of Elvins, Alfred J. of Kirksville, Mo., Leo E. of Tacoma, Wash., Felix P., Mrs. W. J. Janis, Mrs. Leslie Richards and Misses Cora and Rosemary of St. Louis. She left also thirty-six grandchildren and twelve great-grandchildren.

Several years of her useful life were spent at Doe Run, from which place she removed to St. Louis in 1892, where the end came peacefully while conversing with members of her family, after only a few days illness, having retained her faculties to the last. She for some time was only waiting, and when the summons came she was ready, for her life work was done and done well. Her memory will be cherished by all who knew her, for to know her was but to love her.

Her remains were laid to rest at Ste. Genevieve, where she spent several years of her childhood and the earlier years of her married life. May her soul rest in peace.

**Good Qualities of Bamboo.**  
A lighthouse of bamboo, which is in use in Japan, is said to have great power of resisting the waves, and does not rot like ordinary wood.

**Cause of Insomnia.**  
The most common cause of insomnia is disorders of the stomach and constipation. Chamberlain's Tablets correct these disorders and enable you to sleep. For sale by all dealers.—adv.

### Business College Notes.

Miss Anna Hyington of Hopewell, Mo., was a caller Tuesday. She is interested in business education and expects to take up the work later on.

Miss Mary Cunningham, who recently resigned her position as stenographer with Attorney Paul Cayce, has gone to San Antonio, Texas, where she expects to accept a similar position.

Miss Edna Meyer completed her stenographic department course with us on last Friday and left for St. Louis where she has accepted a position as stenographer in the office of the E. C. Taylor Fur Company.

The special and general information averages are out and show the following: first and second honor students, respectively: Spelling, Miss Hoehn and Mr. Beard general information; Miss Hoehn, with Miss O'Dell and Beard second.

Mr. A. E. Upchurch of Desloge, came over last week to check up some of his mail course work. Mr. Upchurch is an excellent, wide-awake, progressive gentleman, having started his bookkeeping and shorthand work with us at the night school in Flat River last year.

Mrs. John Simms of Farmington and Miss Sarah Layne of Elvins were visitors this week. Miss Layne reports her brother Emmett, a former student of ours, getting along nicely as cashier of the bank at Elvins. Emmett was one of our deserving, reliable students, and we congratulate him upon the success that has come his way.

Clinton Rogers, holding a lucrative and responsible stenographic position in the office of the Frisco Railway, St. Louis, was an interesting visitor Monday. Mr. Rogers is another of the many Farmington boys that is yearly ascending the ladder of success—the result of having received our high trade, money earning, educational training.

**United States' Superiority.**  
According to a report issued by the American bureau of foreign and domestic commerce, based upon a study of seventeen industries in the United States and Great Britain, it requires 18 per cent more power and two and one-half times more labor to do the same work, in the industries examined, in Great Britain than it does in the United States.

### Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."

"Don't sleep in hot rooms."

"Don't avoid the fresh air."

"Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.—adv.

One of the largest and most valuable timber trees of the country is the tulip tree, known to lumbermen as yellow poplar. It is related to the magnolia, but is the only tree of its kind in the world.

Dan Sinclair, a Fredericktown boy, who spent eight years along the Panama Canal, lectured at the Odeon Monday and Tuesday evenings on his experiences and observations while in the government service there.

Hallowe'en a number of girls attired as spooks created no little merriment as they made their rounds. Some lads found their amusement in damaging property, and over the latter event there has been aroused some warmth of feeling.

At a meeting of representatives of the various churches in town held at the Congregational Church Sunday afternoon, an organization was perfected for the purpose of advancing the interests of the coming Burke & Hobbs revival. Hans Schantz was elected chairman, editor Wolpers, secretary and T. L. Ferguson, treasurer. W. B. Maney, W. A. Andrews and Robert Moran were elected the executive committee, and other committees on music, publicity, evangelism, etc., will be announced later. It seems to be the purpose to make a concerted campaign against the kingdom of Satan. The various denominations are in excellent condition for such a campaign, as they have been harmoniously together for a long time.

The largest tree in the United States is said to be the "Mother of the Forest," a giant redwood in the Calaveras big tree grove in California. It is supposed to contain 140,619 board feet of lumber. There are, however, many claimants for the honor of being the "largest tree" and the "oldest tree," and these claims, according to foresters, can not always be verified.

Articles of clothing from wool fiber are being made in Europe. The material for a suit costs about fifty cents. Clothing made of this material, however, can not be washed.

### St. Louis Live Stock Market.

[SPECIAL REPORT]  
National Stock Yards, Ill., Sept. 30.

The condition of the lamb trade was very satisfactory today. Receipts 4000 and strength resulted. Choice grades 10 to 15c higher. Top was \$7.65 with bulk of the good \$7.25 to \$7.50, fair to good \$6.50 to \$7.25 and culls to fair lambs \$5 to \$6.50. Fat sheep steady at \$4.40. Culls and throw-outs at \$2.50 to \$3.85. Bucks \$1.50 to \$3.75. Fat goats \$4 to \$4.25. We look for moderate receipts and a good strong market the balance of the week.

Hog receipts 10500. Packers are bearing the market at every turn in the road and there was no exception made today. Trade 10 to 15c lower with choice hogs topping at \$8. While declines will curtail receipts at times, price improvement will be only temporary and advise the shipping of fat hogs.

Cattle receipts 7000. This trade reflected an active trend with transactions 15 to 25c above last Friday's low close. We anticipate a satisfactory cattle market during the immediate future unless receipts are excessive.
